Insurance Benefits and Claims Policy

GENERALLY: Your insurance policy is a contract between you and your insurance company. We are not a party to that contract. In the event that we do accept assignment of benefits, or if your insurance company has not paid your account in full within 60 days from the date the services were rendered, the balance will become payable immediately, regardless of any pending claims. We require that your complete insurance information be presented at the time services are provided. Insurance claims cannot be backdated. Most benefits will be verified before your insurance company can be billed.

MAINTAINING HIGH STANDARDS FOR CARE: Please be aware that some, and perhaps all, of the services provided may be non-covered services, or may have a charged fee not considered "reasonable and customary", or may be deemed an unnecessary service according to administrators of your insurance policy. The decision(s) of your insurance policy's administrators, particularly regarding the necessity of treatment, are outside of our control. Our practice is committed to providing the best dental care for you, determined by professional and skilled dentists examining you, rather than administrators examining charts and figures about your or the service rendered. Also, we strive to maintain the highest standards in terms of sterilization, materials and laboratory services for our patients. As such, we choose not to allow administrators of insurance policies to compromise our level of care or standards, and trust that our patients appreciate our efforts in this regard. Therefore, each patient joining our practice agrees to be responsible for paying their full balance, less insurance payments received, despite any insurance company's determination regarding the necessity or usual and customary fees charged for services rendered at our office.

FILING CLAIMS: As a courtesy to our patients, we will do our best to verify your dental insurance benefits and also answer any questions you may have about insurance claims. However, each patient is responsible for knowing their insurance plan's coverage, exclusions, limitations and usage history. Furthermore, each patient should be aware of non-covered benefits, including missing tooth clauses, crown/bridge/denture restoration time and frequency limits, bruxism, downgrades (e.g. composite fillings to amalgam fillings, onlays/inlays to fillings, porcelain on molar teeth crowns, etc.), and other frequency limits (e.g. exams, prophylaxis, fluoride, x-rays). Any estimated amount not expected to be covered by your insurance is due at the time of treatment. Please note that all insurance estimates are subject to final approval by your dental insurance plan, and therefore the amount due is subject to change after final review by your insurance company.

ADDITIONAL LAB FEES: In certain situations, additional lab fees may be necessary and are an additional cost for such procedures (e.g. zirconia crowns, veneers, porcelain margins, etc.). You will be advised of any additional lab costs prior to the start of treatment and are responsible for such fees.

RESIN-BASED COMPOSITE FILLINGS: Some dental insurance plans do not allow full benefits for composites (white fillings), especially when performed on posterior (back) teeth. The plan benefit will customarily pay for less expensive amalgam fillings, which are silver/mercury based. In an effort to provide our patients the highest level of modern dental care, we do not provide amalgam fillings, and only provide composites. The difference is estimated \$50 per filling and the patient will be responsible for paying for the difference.

I authorize the dentists and staff at this dental office to provide any and all forms of treatment and medication that may be necessary or advisable in connection with my (or my dependent's) dental care. I further consent to the dentists and staff choosing and employing such methods and means as is deemed fit. I understand that prior to treatment, a full explanation of the procedure(s) involved will be given to me, and I agree to ask any questions that I may have, and to raise any issues, prior to the start of the treatment. Also, I understand that there are rare but real risks associated with local anesthesia such as permanent or temporary paresthesia. I understand those risks and will ask any questions that I may have prior to treatment, and consent to local anesthesia being administered to me as part of my dental treatment.

I authorize the dentists and staff to take photographs, study models, and/or radiographs of my face, jaws, and teeth. I understand that these photographs, study models, and/or radiographs will be used as a record of my care and treatment, and further authorize their use for educational or teaching purposes by this office and this office only.

In consideration of services rendered, I transfer and assign to Dr. Dany Barakat D.D.S (B3dental) all rights and interest in any payment due for services as provided in the policy or policies of dental insurance(s) held by me. I understand that I am legally responsible for all cost of treatment, regardless of any estimated insurance balance, and that my portion for covered procedures may differ from estimates provided by this dental office. I further agree and authorize the dental office to release any information requested by my insurance company(s) or its representatives. If the dentists are not direct providers for my dental insurance provider, I understand that filing a claim with my dental insurance may be done strictly as a courtesy to me, and that I still remain liable for the full amount of fees for services rendered.

I understand that pursuant to Virginia Code 32.1-45.1, any patient who exposes a health care provider (or employee) to bodily fluid in a manner which may transmit the Human Immunodeficiency Virus (HIV), Hepatitis B or C virus is deemed to have consented to HIV, Hepatitis B and C testing, and disclosure of the results to the person exposed. Conversely, this deemed consent also applies to a health care provider (or employee) who exposes a patient to bodily fluid in same manner. In the case the above stated condition occurs, I agree to comply fully and immediately with the above referenced Code.

Thank you for choosing our office for your dental care. Our primary goal is to provide you with superior dental care, which will improve your dental health & comfort. Most procedures are booked well in advance and your appointment is reserved exclusively for you. In fairness to our patients and staff we have implanted a cancellation/payment policy as follows:

If necessary, I agree to cancel or reschedule any appointment at least two business days (48 hours) prior to my appointment time in order to avoid a \$50 non-refundable broken appointment/ cancellation fee. I also agree that being substantially late for an appointment, or missing an appointment altogether, shall be deemed a cancellation and that the cancellation fee will apply. All appointments MUST be confirmed 24 hours prior to scheduled appointment, or it will be subject to being cancelled/rescheduled.

We understand that medical information about you and your health is personal and we are committed to protecting your medical information. By signing this form, you will consent to our use and disclosure of your protected health information to carry out treatment, payment activities and healthcare operations under the Health Insurance Portability & Accountability Act of 1996 (HIPAA).
